

Plustek MobileOffice S420

A Trusted Digitizing Solution on the go

Plustek MobileOffice S420 is a new member of MobileOffice series of scanners that provides high-speed scanning capability and also comes with a stand which enable to share S420 around the busy workgroups to eliminate digitalizing process. Information sharing becomes much easily.

Work Easier

S420 can be used by your own when you are traveling. As a compact portable scanner, S420 is easily to be put into your suitcase as it does not take any extra space. The advantage of S420 is that it comes bundled with a utility stand for your office use. It enables your colleagues to share this scanner for their use.

Work Smarter

The Custom button design lets you scan and send documents to pre-selected destinations directly. In addition, with the well-known bundled software "ABBYY FineReader 9.0 Sprint", S420 scans paper documents into the "Searchable PDF". Only type the initial word of the file you want and can be easily retrieved. It can convert information into various digital formats such as Word, Excel, Image formats or take printouts directly via the pre-programmed setting.

This is the best solution for the business travelers and small medium office (SMB) who needs to saves a great amount of space for storing papers; also save a lot costs for using paper. The compact design makes it easy to place the S420 in a busy desk / reception.
