

Plustek SmartOffice PS286

Professional Scan Quality for Your Businesses.
Quick, Portable, Easy Document & Plastic Card Scanning.

Small & Portable Size Fits Your Front Desk.

The Plustek SmartOffice PS286, a hi-resolution duplex color scanner up to 600 dpi, offers convenience and perfect image quality. It provides outstanding performance value in a compact footprint with 24-bit color, grayscale, and black-and-white scanning needs. With special design "small and portable size", occupying the minimum space is very suitable for Receptionist/Administrative Desk. The built-in automatic document feeder (ADF) allows 50 sheets of documents to be scanned at one time and achieves fast scan rate of 25 ppm/ipm. All businesses can afford access to renowned image quality and reliability for optimized throughput.

Features Plastic Cards Color Duplex Scanning.

The Plustek SmartOffice PS286 is ideal for anyone looking to go paperless – with the key feature of full color duplex scanning of any media up to the thickness of a credit card. It features to scan "thick documents" and "plastic cards",

such as insurance cards, credit cards, ID card and drivers licenses. With the sheetfed function, it is very convenient for staffs to use, and especially matches your scanning budget. Productivity enhancement features truly set the Plustek SmartOffice PS286 apart from other workgroup scanners.

EZ Digital Filing & DIM for All Departmental needs.

The Plustek SmartOffice PS286 is ideal for businesses that need to archive documents, scan in reports and implement a low cost document management system. The software bundle makes it easy scan to Searchable PDF. Single Touch Function Buttons makes it easily set the customized functions for scanning documents. The default function includes scan to E-Mail, Copy, Searchable PDF and File by pressing and selecting one of nine programmed scan settings. TWAIN driver allows you to communicate with more document image management software solutions. It really makes the most of your scanning budget.

Plustek SmartOffice PS286

Documents Mess Up?
Bring Digital Documents to Your Workgroups.

The Plustek SmartOffice PS286 offers a 25 page automatic document feeder with superior high resolution and performance. It actually digitizes both sides of a document in a single pass in full color. All documents can be converted to searchable PDF with the acceptable scanning size from business cards up to legal-size documents. It captures even the most intricate details of text and photos. This scanner is great idealistic for Departmental and Workgroup users, such as **hospitals, law firms, CPA firms, financial institutions, education, and local government**.
